(1) Scoring Participation - Each team member who fishes on a tournament day will count as 3 points for the team. If one team has 5 members fish a tournament day, and another team only has 2 members fish a tournament day, there will be no scoring adjustments to account for such participation discrepancies. This is to encourage member participation.

(2) Scoring Fishing Success - Each fish weighed in (referred to as "fish caught") by a team member on a tournament day will also count as a point for the team, however this portion of the scoring will factor in participation discrepancies (which are bound to happen). Thus, we will only use the "fish caught" total of the top 3 fish-catching members of a team at each tournament. Fish weight (i.e. - lbs) is not factored in this scoring. Each tournament will count the top3 "fish caught" member totals no matter the number of anglers on a team or the number who participated in the individual tournament.
